be WINE.

Perhaps there is no name in the chronology of the nineteenth century, that is creating so much sound and smoke as that of Wise. There is Wise, the balloonist, who over up by the assistance of purchased gas, and there is Wise, the letter writer, who sees up by means of the gas generated in himself. The one pays for the seriform fluid that elevates him-the other has it naturally. One, however, is a "plebe," descended directly from the "rest of mankind"-the other is a regular F. F. V. with, we have no doubt; a few drops of Pocha

entas' blood coursing through his veins. The one is Governor of Virginia, the mother of States-t'other nin't. The one writes with great learning on things generally and oyster beds in particular-the other speaks knowing on trans continental acial passages.

The Governor has a son-Ol Jer nings Wise. Vhat the O represents, the anxious world has not been informed. Whether it is O high O O Jernsalem, O cracky, O-bush or O-don't. At any rate it is O Jennings. It is not according to the F. F. V's, to say O. J. Wisethat is rather plebian and altogether unworthy the true blood of the Old Dominion. But O. Jenuings is a chip off the old block, and bus all the chivalry of the Oyster Bed State concentrated in himself. He seems to have peri odic times of boiling over with courage and tainly a very dangerous biped. We are not informed In what fart of Yirginia he keeps his private burying ground, or whether he feats his victims after he deprives there of life. there were answered transmitted and here angeling litted it not been for an unsteadings of nerves inherent with the F. F. V's, he certainly would have stopped the wind of Mr. Avlett a few days ago. But the unfortunate trembling sensation seized him just when he was about to draw the trigger, and it is thought he could not have then hit a ten acre field, had it been turned up broad wise in front of him. On this sized man for six hours, and never come within six feet of him. He possesses, it an emi

> poses to shoot some other gentleman. The prior arrangement being, there is to be no bised letting. An F. F. V. has a holy horror of blood, besides, it harts to be shot. How one of these descendants of a long line of ancestors would canduct hiraself, if he had to fight up on the Western principle as mangurated by the heroic Harris of Himois "Ten paces and weekets, Sir"-history does not say ; but like the old king at the feast, we think "his knees
